This is a race where one must play the

looked.

The distance will favor Bessie Me-Carthy, and, as the mare is rounding back to form, she should be close up at the end. This event should furnish a good contest.

This event should furnish a good contest, as the distance is suited to nearly all the field.

Claremont should win from the 2-year-olds in the fifth race, although St. Paris is considered a dangeroug contender here, if track gossip goes for anything. St. Paris was a good youngster last year, and if he can run back to his form, should be a very close second and a possible candidate for first money.

That long-legged equine, Bengal is entered in the sixth race. Bengal has a habit of retiring for vacations in the early portions of the season, emerging from retirement whenever he sees fit, and generally proving a strong cancidate for first money. It seems as if he could heat Jake Weber here. This pair of veterans have med many times. King's Court, on his extreme speed shown in the race with Hiller Saturday, should show the way and lost long enough to be third.

Tickful should hardly find the track to his liking to-day, but if he is back to the form he once possessed he would be most dangerous here.

Miss Gomez should surely break out of the maiden ranks to-day in the second race. Bush Smith and Pink Marsh seem possible contenders. Lacus has such an ability to pack weight that he may be tipped in the opening race largely on this ground. Colonel Ballantyne should prove the runner-up.

Seven races seems to be the regular daily programme at Union Park, The card to-day is a very good one. The feature will be the second race, a purse affair at a mile and one-sixteenth, with four starters, Rain or Shine, Sailor's Delight, Lord Hermence and Bluish. The two former and the latter won their last outs. This will no doubt be an interesting event. Small fields where there is class throughout often prove the most interesting

bast the finish first, after a lengthy streak of hard racing luck.

Broomhandle always races consistently and is about as sturdy a little youngster as can be found at the track. Hence he may be depended upon to run nicely, regardles of the big weight on his back. Although he is apt to have trouble with two members of the field, he seems the best here.

Loretta M. and Lady Savoy are the disturbing elements here. The race run by Loretta M. against Dishabille on her last out makes the Milam filly loom up dangerously as a contender. Lady Savoy is one of the high-class fillies at the course, but is just rounding into form.

It looks as if they should finish in the order named, back of Broomhandle. The Baker coit should have first money when the race is over, in spite of the weight he packs.

The third event brings together rather a handy field, in which Elie and Athena seem about the contenders. These 3-year-olds should defeat their more aged rivals, and, on the strength of the fashion in which she closed in her last race, Athena's chances for first place cannot be overlooked.

The distance will favor Bessie McCarthy, and, as the mare is rounding back to form, she should be they are and Marco Polo third.

An endless number of men have one or more of the above symptoms and drag from day to day in despair of a prosperous, happy future, and well they may, for if neglected their health is sure to be wrecked by a complete loss of physical, mental and sexual power.

My method completely and permanently re-vives manhood after "cure-all" remedies and "quick-cure" specialists fail to even benefit.

"quick-cure" specialists fail to even benefit.

My scientific, systematic course of treatment for weak, nervous, broken-down youths and men, who have, through folly, dissipation and excesses, unfitted themselves for work and the enjoyment of life, is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruining drugs given by would-be specialists. My specific treatment for all the symptoms indicating Falling Manhood is harmies, though so effective as to remove them immediately. It is constitutional; therefore, by purifying and enriching the blood, strengthening the nervous system, nourishing the tissues, the patient becomes strong and healthy, with all signs of the trouble or fever gone. This treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that leaf into a prime, healthy, manly feeling of new life.

Variation in Style of Purses for Missouri-Raised Thoroughbreds Proposed.

OVERNIGHT EVENTS PROPOSED

This System Thought Likely to Be Popular, Instead of Two Fixtures-Rowe Leads Winning Owners.

A question which will soon come up for Missouri Breeders' Association and the track is whether or not it will be better bred horses, the Native Nursery Stakes, down for decision next Saturday, and the Missouri Futurity, which comes later in the season, in their present form or split the added money into a greater number of overnight events, to be distributed

The breeding industry in Missouri has under the protection of the breeders' law. years it will be in a position where stukes with entry restricted to homebred horses will fill more freely, and with the chances of success divided in a fairer ratio than of success divided in a fairer ratio than at present.

Just now many horsemen believe that a series of overnight events, or at least stakes to be run within a month of the closing date, would prove more satisfactory. Whatever the wishes of the majority of the breeders' association may be, will in all probability govern the matter, and it is simply a question of what they may think best.

SCHORR TO GO EAST.

SCHORR TO GO EAST. J. W Schorr's colors will be seen but little more in the West this year, He is going to cut his two strings, the one racing in Chicago, in charge of Louis Trauber, and the one here, in charge of Joe Hawkins, down to four or five horses and send them to Saratoga, in charge of Trauber. Trauber.
This will leave Hawkins without an en-

Trauber.

This will leave Hawkins without an engagement temporarily, but he is such a good man with a horse that his vacation is not likely to be very lengthy.

Mr. Schorr thinks he has a world-beater in a coit called Jack Lory, which won the biggest bet of his career for the Memphis brewer last week.

Trauber had the colt cocked and primed and notified the owner that he could safely go the limit on him. Mr. Schorr followed this advice and cleaned up a hig bunch. He expects to win a couple of big stakes with the colt when he ships East. In the list of winning owners at the Fair Grounds, C. E. Rowe & Co., oil because Colonial Girl won the World's Fair Handicap, remain at the top of the list. Fred Cook's Derby win with English Lad assures him second place for some time to come. J. W. Schorr is still third, but he is going to sell the horses he has here and ship the pick of his two strings to Saratoga, so he won't remain third very long.
